

## Fantasy DP World Tour 2023 - Fact Sheet

### Overview

The official Fantasy game of the DP World Tour makes its return ahead of the year's first Rolex Series Event in Abu Dhabi, and fans can sign up [fantasy.dpworldtour.com](https://fantasy.dpworldtour.com).

To play the 2023 game, you will need to log in with your MyTour account details. If you don't have a My Tour account, don't worry, it's quick and easy to register via the Fantasy DP World Tour game. If you played Fantasy DP World Tour last season but don't have a MyTour account, you will need to create a new My Tour account.

The game allows fans from all over the world to take each other on predicting the top six players each event week of the season, with a once in a lifetime prize on offer for the season-long champion. Pick your six players wisely each week - as you could be in with a chance of meeting one of them in Dubai for a golf lesson.

The 2023 season long winner will turn 'Fantasy to Reality' with the Fantasy Champion winning the ultimate trip to Dubai including:

- Flights to Dubai for two people
- Accommodation in Dubai for two people
- Private lesson from a top DP World Tour professional on the Earth Course driving range
- Two-ball on the Earth Course the day after tournament play finishes
- Two General Admission season tickets for the 2024 DP World Tour Championship

There are prizes available across the season. Even if you forget to sign up for week 1 or forget to enter your team for a few weeks - it doesn't matter. There's plenty of chances to win, and reasons to play each week!

Fans can also challenge family, friends, colleagues, fans or followers by creating their own private or public mini league, or joining one of many leagues from local TV broadcasters and DP World Tour partners.

### What you need to know

*Here's what you need to know about the new Fantasy game.*

### Rules & Game Details

The rules are simple: Each week, you will be asked to select a new team of six golfers for each tournament in the DP World Tour season, which you will be able to do from approximately midday (BST) every Monday. You will then have until the first scheduled tee time to make changes to your six-man team.

Once you have chosen your six golfers, you must designate one of your picks as the Captain (their points will be doubled). Only competing players will be available for selection, and with no budget, you can pick whichever six golfers you wish.

Every golfer in the tournament will be available for selection – not just DP World Tour members – but as per 2022 there will be a restriction on team selection this year, called the 'Selection Cap'.

The Selection Cap prevents you from picking the best players more than a few times each season, allowing you to choose DP World Tour members to be selected a maximum of **five** times (raised from 3 in 2023) in a season, and non-DP World Tour members to be selected a maximum of three times in a season. Once you have reached the maximum selections for a player, they will be greyed out and unavailable, so choose strategically and wisely!

One thing to note is that each week your team will be wiped, so you must pick a fresh team ahead of each tournament. This is to ensure that you have six active golfers in your team each week to maximize your scoring potential. If you forget to pick, a team of six players will be randomly selected for you to ensure you still score points.

## **Create a Mini League**

Challenge family, friends, colleagues, fans or followers by creating your own private or public mini league.

Public leagues are open to all teams, while Private leagues can only be joined using the joining code. Leagues can be shared via email and social media, and all leagues will begin scoring from the tournament after they are created. You can create and join as many leagues as you wish via the Leagues section of the game.

## **Win big prizes.**

Play whenever you want, with regular prizes for: weekly winners, Rolex Series Challenge, and overall winner. This year, the season long winner will turn 'Fantasy to Reality' with The Fantasy Champion wins the ultimate trip to Dubai including:

- A lesson with a DP World Tour professional
- Play the Earth Course the days after the best in the world
- Accommodation and Flights
- Tickets to the DP World Tour Championship

Who's in your team? Pick wisely and you might be meeting them in Dubai.

## **Scoring Points**

We have introduced a number of new scoring rules for this season's game to make it more fun to follow players during each round.

- Hole-by-hole points will be credited within 15 minutes of the action taking place.
- Round Bonus points will be credited once all golfers have completed the round in question
- Tournament Finishing Position points will be credited at the end of the tournament

## **Standings**

All teams will be automatically added to the Overall Standings, which shows the aggregated season-long rankings of all teams. There are also other Standings which contribute to prizing:
