Results 2021

33.4% Public

Litter that the public hasn't disposed of correctly - usually left on beaches, blown off in the street, or carried by waterways

10.9% Fishing

All the things from lobster pots to fishing nets, that help anglers and commercial fishermen catch seafood

6.3% Sewage Related Debris

Sanitary products and other household items that are flushed down the loo but should go in the bin

3.4% Shipping

Objects lost or thrown overboard from small craft or massive ships

1.0% Fly-tipped

Illegally dumped items like TVs, mattresses and tyres

45.1% Non-sourced/other

Other sources or items hard to know where they're from - mainly because they're too tiny to identify

The litter you record on your local clean-up will help us identify and create a snapshot of the litter that is still plaguing our environment, including new single-use items such as PPE.

80% of the litter we find in our ocean comes from inland, help us stop ocean pollution in its tracks! Spot the litter, tick what you found, then pick it up.

Be the Change!

Make your club more sustainable and you could win a lesson with a pro golfer!

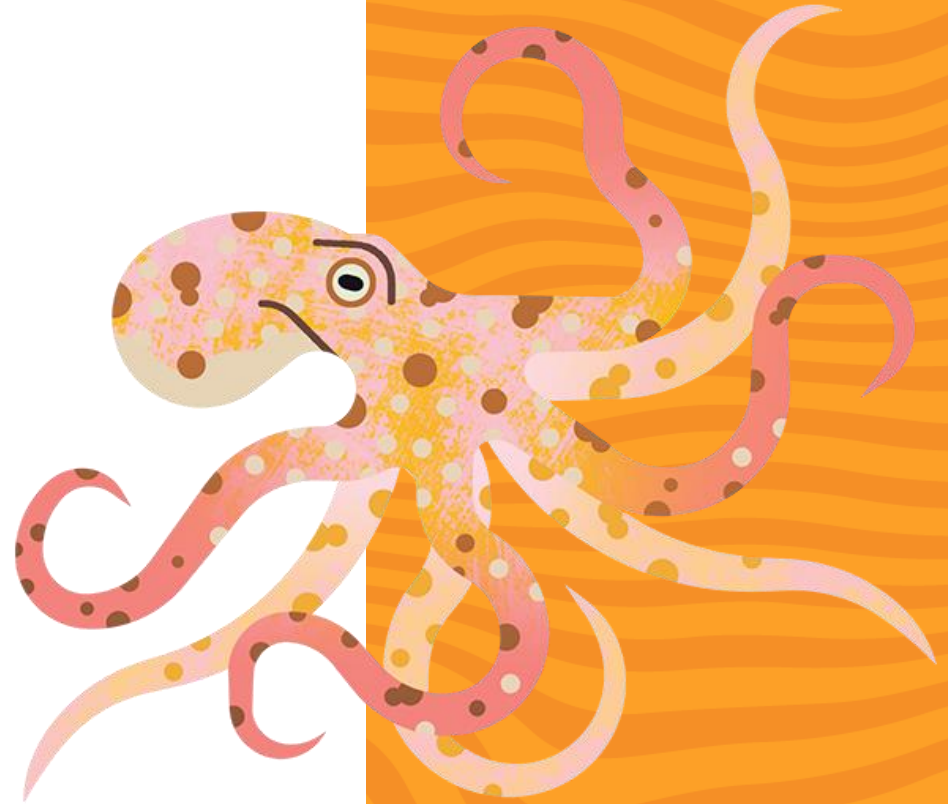

You could:

- reduce single use plastic
- improve waste and recycling
- campaign to raise awareness
- host or take part in a beach clean
